

CM2 PRO with hydraulic

- > very powerful, agile working
- > improved shift of centre and increased lifting power
- > ready for work under heavy strain
- > quick, tool-free change of the attachment machines

«The flexible professional with fifteen attachment options!»

	GXV 390 with hydraulic	Loncin 2 cylinder with hydraulic	Diesel
Engine (Petrol)	GXV 390 Honda	Loncin 803cc	Hatz Diesel 1B50V
Volume	85 dB	No manufacturer information	82 dB
Power	6,6 kw	18 kw	7,6 kw
Drive	hydrostatic		
Speed	10 km/h		
Start	electric start		
Hydraulic	with		
Hydraulic power	18 ltr. / min		
Steering	rear wheel steering		
Weight	approx 300 kg (additional weights possible as required)		
Size	L = 1500 mm, W = 825 mm, H = 1130 mm		
Chassis	5 mm galvanized		
Tyres	AS tyres 16 x 6.50-8		
Lifting of attachments	hydraulically		
Lighting	possible		
Accessory	incl. operating hours counter		
Mounting options	Radial sweeper, Weed brush with wire, Axial sweepers, Feed auger, Spreader, Lime and feed spreader, Double scraper, Washer, Pushing shield, Snow plough, Light goods bucket		

Radial sweeper R 1000 | R 1000 E

- working width 1000 mm
- for sweeping large quantities of debris
- reaches every corner, due to the special bristle angle
- direction of rotation can be flexibly controlled (left and right)
- bristle set can be changed quickly by using screws
- side/front plates available

Available for:

- CM2 PRO with hydraulic
- E-Lectric+
- Hylectric Power+

Axial sweeper AX 1200

- working width 1200 mm
- overhead sweeping principle with pendularly suspended roller brush
- leading roll-off lip guides the debris to the roller brush
- AX 1200 expandable with up to two additional side brushes
- Sloping left/right for free sweeping possible (only with raised foam roller)

Available for:

- CM2 PRO with hydraulic
- E-Lectric+
- Hylectric Power+

Radial sweeper R 1000 (wire)

- working width 1000 mm
- pure wire brush
- excellent and sustainable green removal on paved surfaces when used regularly
- reaches every corner, due to the special bristle angle

Available for:

- CM2 PRO with hydraulic

Snow plough

- working width 1600 mm
- with robust protective edge
- can be swiveled to the left and right
- pushes both snow and dirt

Available for:

- CM2 PRO with hydraulic
- E-Lectric+
- Hylectric Power+

Weed brush with wire WKB 660 E

- working width 660 mm
- effective removal of moss and weeds
- 3 rotating brush holders each with 4 wire braids under the brush container attack the plants from all sides
- floor-protecting work thanks to even pressure distribution
- quick exchange of the wire braids via quick-change system

Available for:

- E-Lectric+
- Hylectric Power+

Pushing shield 80-160

- Feeding table maintenance
- working width can be flexibly adjusted from 80 - 160 cm by using a perforated strip
- perfect for narrow passages

Available for:

- CM2 PRO without hydraulic
- CM2 PRO with hydraulic
- E-Lectric
- E-Lectric+
- Hylectric Power+

Weed brush with wire WKB 550

- working width 550 mm
- sturdy wire braids remove moss and heavy green growth effectively
- brush arm can be swiveled manually by 180° from left to right
- sweeps up to the edges

Available for:

- CM2 PRO with hydraulic

Feed auger FA 800 | FA 800 E

- working width 800 mm for feeding table maintenance
- open windings loosen and upgrade the feed and bring it back to the animals
- mold residues and smear layers are reduced
- can be equipped with an additional side brush

Available for:

- CM2 PRO with hydraulic
- E-Lectric+
- Hylectric Power+

Double scraper ASS 900 | ASS 900 E

- working width 900 mm for the maintenance of the running and lying area
- with two rubber lips attached one behind the other
- C-shaped front does not allow rubbish to drift to the side
- Side brush for sweeping the lying surfaces is optionally available (for hydraulic models only)

Available for:

- CM2 PRO without hydraulic
- CM2 PRO with hydraulic
- E-Lectric
- E-Lectric+
- Hylectric Power+

Washer SW 900 | SW 900 E

- working width 900 mm
- field of application: running and lying area maintenance
- incl. 150 l water tank, filter, high pressure pump, clearing stars
- adapter for high pressure lance available as an accessory

Available for:

- CM2 PRO with hydraulic
- E-Lectric+
- Hylectric Power+

Spreader EG 580 (Trailer version)

- field of application: running and lying area maintenance
- high quality, robust guide wheels
- flexible spreading paddles transport the spreading material out
- self-filling by tilting the container down (using the hydraulic cylinder)

Available for:

- CM2 PRO with hydraulic

Lime and feed spreader

- field of application: feeding table maintenance
- ideal for evenly sprinkling lime
- can also be used as a concentrate feeder
- with dosing opening in the manually swiveling ejector bar

Available for:

- CM2 PRO with hydraulic

Light goods bucket

- field of application: large area cleaning
- working width 800 mm
- volume 115 ltr.
- tilt mechanism via hydraulic

Available for:

- CM2 PRO with hydraulic

Mulch mower WM 850 E

- ecologically valuable green space maintenance
- fertilising and mowing in one operation
- multiple mower blade shredding and distribution in the sward

Available for:

- E-Lectric+
- Hylectric Power+
